

GENERAL INFORMATION

Check with the clerk of the Court for the appropriate providers name, phone number and program location.

Successful completion per RSA 265-A:42 means:

These aftercare requirements may include one or more of the following:

IMPORTANT INSTRUCTIONS FOR THE DRIVER CONVICTED OF DWI

The State of New Hampshire has three separate programs for individuals convicted of DWI. The one you must attend is mandated by law and will depend on your offense. Full payment is expected when you enter the program. If you need to make other financial arrangements, you must do so prior to entrance into the program.

On-line or telephone programs do not meet the requirements of NH statutes and rules.

Selecting the right program is your responsibility.

The court may reduce revocation time if you enter into the relevant driver intervention program within 45 days after conviction.
